

Career Educators is an empowering goal setting program designed to help school children of all ages reach a positive outlook for their future. Research has shown that early intervention is the key. Children that plan ahead and set goals for their future are more likely to go on to college and become successful in life.

WHAT DO YOU WANT TO BE WHEN YOU GROW UPP

Career Educators 281.813.5024 www.ceducators.org

Dear Parents:

Beginning at a very early age our children begin to have dreams about what they would like to become when they grow up. Unfortunately they seldom capture those dreams or have a vision of what that dream might look like. Then in this all too confusing world, other events can come along to distract the child and take them on to other and often less positive paths. CAREER EDUCATORS gives us the opportunity to change that!

Photographers will be at the school to capture on film your child's current dream about his or her future. Your child can select from any of the 49 different career choices or they can bring an outfit for a career choice of their own.

Because this program is designed on the theory "We become what we believe", the real value of CAREER EDUCATORS happens after the photo session. Your child will receive their picture, which will serve as a constant reminder of their dream. Secondly, they also receive a specialized blueprint for success that spells out specific steps that can be taken for them to achieve their goal.
